LealChum

A Safe and Loyal Companion for Every Mile.

LealChum is built on a simple belief:

Pets are not cargo.

They are family.

Born from Leal (*Loyal*) and Chum (*Companion*), Lealchum represents the bond between pets and their parents — and the *responsibility* that comes with it.

Multi-Point Safety Protection System

1 Headrest Harness: Adjustable headrest strap securely fastens the top of the booster seat for enhanced stability.

2 Leash Lock: Built-in safety leash clip prevents pets from jumping out during travel.

3 Adjustable Pet Leash: Length-adjustable safety leash keeps your pet safely secured inside the seat.

4 Thick Support Frame: Reinforced thick frame provides sturdy support and a comfortable resting edge for your pet's head.

5 High Protective Sides: Raised sidewalls create a cozy, enclosed space that enhances your pet's sense of security.

6 Seat Belt Openings: Dual side seat belt openings allow secure installation using your vehicle's seat belt system.

7 Elevated Booster Cushion: Thick elevated cushion lifts your pet to a higher position, allowing better visibility and interaction with the owner.

8 Anti-Slip Base: Non-slip bottom keeps the booster seat firmly in place during driving.
